About Sukkoon

"Sukkoon Salon" is one stop shop for Nail Bar & Spa, Skin Care Clinic, Hair Salon's & Makeover Makeup Studio. In 1994, it started as a small salon at a residence with four chairs and six employees. Today 'Sukkoon' has come a long way from its humble beginnings and is counted among Western UP'S top professional and innovative salon chains. The secret of success is 'quality and professionalism'. This is an industry where hygiene and high quality standards help in the long run.

'Sukkoon' constantly evolves and innovates in Make-Up and Hair Styling Techniques. 'Creating global trend in Hair Styling, Make ups & Makeovers and adapting them for the Indian women is something we do constantly.

The Excellence

The USP of 'Sukkoon' is it's sophisticated and experienced staff and up-market interiors clubbed with international range of beauty products is what makes 'Sukkoon' different from others. It is the professional's personal touch that keeps bringing the client back to our salon. The training that we have imparted to our stylists,combined with their own personal touch is our USP.

Women Personal Grooming

It is the art of grooming, cleaning and maintaining parts of the body. In addition to improving appearance, personal hygiene is an important form of protection against disease and infections of all kinds.

Personal grooming plays a very important role to help you project a confident image and make a good impression.

At SUKKOON, we aim to provide these everyday personal grooming services in a hygienic and clean environment.

THREADING

- Threading removes one clean line of hair all at once, making it quicker and easier to shape the brows.
- Hair grows back slowly and re-growth is finer.
- Repeat visits after three to four weeks are standard.

Makeovers

“Enhance your natural beauty”.

An artist is not paid for her labour but for her vision.

Makeup is self confidence applied directly on the face.

Modern makeup enhances a women's look without masking her own beauty or personality.

High definition makeup is not a brand of makeup that we use on our face, this is actually a Technique. A technique that a makeup professional has to undergo training, practice and master to be able to do makeup for HD cameras.

HD Makeup perform well on screen and stills and the skin looks Real skin, Pores aren't really noticeable, blemishes are hidden naturally and carefully.

We make the face

“Ready for my Close-up look.”

Air Brush Makeup is sprayed on the skin using the air brush machine.

Qualities

1. It gives a radiant natural look to the skin.
2. It gives full coverage.
3. It feels very light on skin.
4. The makeup is hypo allergenic and alcohol free.
5. Makeup stays for long hours.
6. Perfect for brides leaving the face Radiant and gives Flawless Finish.

Maintenance of Scalp and Hair

SHAMPOO

Washing hair removes excess sweat and oil, as well as unwanted products from the hair and scalp. The physical action of shampooing makes the grease and that become an emulsion that is then rinse away with the water.

Qualities Of A Good Shampoo

- Sulfate (foaming effect) free shampoo (Sulfate takes away natural oils).
- Paraben free shampoo.
- Shampoo with Ph (4-6) balance (do not contain soap). Soap less shampoo is acidic and therefore closer to the natural Ph of hair.

CONDITIONER

Conditioners are often used after shampooing to smooth down the cuticle layer of the hair, which can become roughened during the physical process of shampooing.

Conditioners can also provide a physical layer of protection for the against physical and environment damage

- Anti oxidant conditioners-mainly used in salons after chemical services.
- Internal conditioners/hair mask-it enters in to the cortex of the hair and help improve the hair's internals condition (also non as treatments).

External conditioners or every day conditioners-it smooth down the cuticle layer, making the hair shiny, combable and smooth.

REBONDING

Rebonding is a chemical hair treatment that makes your hair straight, sleek and shiny. Rebonding treatment changes your hair natural hair structure and restructure it.

Once your hair is strengthened you have to touch up the new growth every six months or a year, depending upon the growth.

Maintenance For Rebonded Hair

- Use a shampoo for straight hair.
- Uses a conditioner every time wash hair.
- Apply a hair serum after towel drying hair.
- Get regular hair therapies done at reputed hair salons.

KERATIN TREATMENT

Keratin hair treatments are a semi permanent hair-smoothing curl-softening professional chemical treatment. They make hair straighter, shiner and even healthier, keratin-a protien our hair is made of to add strength.

Maintenance After Keratin Treatment

- Use keratin shampoo and conditioner.
- Apply a hair serum after towel drying hair.

HAIR SMOOTHING

Hair smoothing primarily is a hair care treatment that leaves hair smoother and silkier than before without changing the natural hair. If you have dull hair with split ends and want to make them manageable this is a perfect option, it just improves the texture and look of your hair without changing your natural hair type.

Maintenance After Smoothing Treatment

- Use a de-frizz shampoo and conditioner.
- Apply a hair serum after towel drying hair.

PERMING

Perming is the term given to the physical and chemical processing of hair, changing it into waves or curls. The waves and curls produced by perming gradually get further and further from the scale as the hair grows. It is a chemical process which makes a permanent change to the hair

Maintenance After Perming Treatment

- Use a curl softening shampoo and conditioner.
- Apply a hair serum after towel drying hair.
- Comb only in wet hair.
- Apply finishing wet look gel as a styling product.

HAIR THERAPY

Hair spa treatment is a new concept for hair rebirth. Hair spa is a therapy that is essential maintaining a healthy growth. It is basically a procedure that help to make your hair strong, bounce and shiny, while simultaneously to be with dandruff, damaged and fall control. Today it is one of the popular and best friends for conditioning your hair to keep it healthy.

Benefits Of Hair Spa

- Deep conditioning hair spa treatment is designed to strengthen the hair follicles, nourish the roots and revitalize the scalp that leads to natural hair rebirth.
- It helps to normalize oil secretions.
- It increases cell metabolism inside pores and repairs damages hair.

Spa is a re-hydrating therapy that restores vital oils and moisture for a smooth, sensuous glow that begins at the roots. Hair therapies choice De Frizz, root strenghtening, anti-dandruff color care, keratin.
